HURST Lowering Springs are the perfect choice to lower your Challenger.

High quality gold hammertone coated springs provide the perfect stance for enhanced handling and appearance.

Hurst Lowering Springs are standard equipment on the Hurst Heritage GSS Challenger

Each kit includes front and rear springs. Note that the springs are vehicle specific.

We will need to know the exact year and model of your vehicle.

Note: Vehicles equipped with self-leveling shock absorbers or Nivomat shock absorbers on the rear will require shock replacement.
